

EA Executive Overview

This half day seminar provides managers and decision-makers with an accelerated introduction to Enterprise Architect and its full range of capabilities. Presentations demonstrate the business benefits of key modelling techniques and the productivity advantages of using this CASE tool.

- Location:** Webinar
- Date:** Monday 25th February 2019
- Time:** Session 1: 9.30am to 12.30pm GMT or Session 2: 1.30pm to 4.30pm GMT
- Cost:** Free (7 delegates maximum on each session)
- Prerequisites:** No prior Enterprise Architect experience is required
- Equipment:**  To attend this seminar by webinar delegates need access to a PC or laptop with Internet connection and VoIP (a headset can be helpful for privacy in an office environment). If you wish to test your environment you can join a test WebEx meeting: <https://www.webex.co.uk/test-meeting.html>
- Course Style:** 50% theory, 50% demonstration
Contains demonstrations of all the key Enterprise Architect features covered in the seminar.
- Delegate Handouts:** Each delegate receives a booklet containing all the seminar slides and comprehensive notes which form excellent reference material.

Course Modules:

			Theory	EA	Notation	Exercise	Hands-on
